Music Productions

Engler Entertainment Music Productions fire up their audiences with four new programme acts.

***Coffeetainment**, a show-event themed around coffee, "All about Salzburg!" featuring the **Salzburger Ballorchester**, Richard Wiedl (tenor) as well as Barbara Sauter (soprano) and "In Mozarts Zauberwald" (In Mozart´s Enchanted Forest), a miniature opera with two Mozarteum singers accompanied by the Salzburg **Zauberflöten Quartett** (Magic Flute Quartet), are the first three new productions by EEM (Engler Entertainment Music Productions). The fourth act, Rondo Amadeo, a modern Mozart crossover, is already in work awaiting its starting signal.*

EEM programme creations are backed up by 20 years' concert experience on the stages of Salzburg, guaranteeing the audience concert and show events of the highest level. We are pleased to be able to present to you our various music productions on our Internet pages.

Hope to see you again in your town, in your concert hall or at your own event...

All about...

Engler Entertainment

Antje and Alexander Engler set up their Orchestra in the year 1993, shortly after completing their studies in Salzburg, and celebrate their 15th company anniversary this year.

The Orchestra which started out as a dainty quartet, rapidly developed into a respectable salon orchestra comprising 8 musicians until it reached its present form of a 15-member Entertainment Orchestra.

*Whether we are talking about a **Dance**, a Gala or an Operetta Concert, with or without a **Singer**, EEM ensembles can now look back on a large number of **wonderful performances** at home and abroad.*

New Goals

On the occasion of our 15th anniversary and presentation of our new website we have now set ourselves new ambitious goals.

Well-established: The Salzburger Ballorchester & Coffeetainment

Together with our tenor, Richard Wiedl, we have arranged 2 new really up-tempo programmes for our large orchestral complements.

*Now we should do something we **have never done before**, now we would like to give it our all and show everything our many years of **experience** have taught us.*

It should be not just coffee house music, but a real show themed around coffee and not a conventional Mozart concert, but music from Salzburg the way you have never heard it before.

Merry Classics: Zauberflöten Quartett (Magic Flute Quartet)

The Zauberflöten Quartett, EEM's Classic Ensemble, too, was intended to contribute something new. Thus we created the programme "In Mozarts Zauberwald" (In Mozart's Enchanted Forest). That's merry Mozart not played like that anywhere else, with a completely new story, in fact - a patchwork miniature opera, so to speak.

Mozart Reloaded: Rondo Amadeo

Rondo Amadeo will round off our anniversary year, that is, Mozart played with a completely new sound - as if the music had been written for young people of today. This project may for the moment and to some extent appear to be up in the air, but it's still early in the year.

Quality based on tradition

High-quality entertainment - that has always been our philosophy.

This philosophy of ours will not change with the new programmes, the new website and the modernised company name.

*And... just as much as the word "new" rhymes with "true" ... we are very **pleased** about the fact that many of our long-standing business **partners** have kept their faith with us*
